Why You'll Love It...

Precision Dispense

Precision Dispense holds detergent and additives and releases detergent at the correct time during the cycle for optimal fabric care. Detergent mixes with water to penetrate fabrics and virtually eliminate pretreating.

Adaptive Wash Technology

Keep clothes looking newer longer[‡] with technology that senses and adapts wash actions, time and temperature.

Smooth Wave Stainless Steel Wash Basket

The Smooth Wave stainless steel wash basket gently guides clothes through the wash cycle and helps protect fabrics from fraying and snags.

[‡]Compared to our pre-2009 agitator washer.
